Description

A large carved wooden tray...Low gloss lacquer...With a solid silver rim...Decorated with bamboo...!Not tested, but it must be 925/1000 silver...It's quite deep...With rounded inner edges...There's a small indentation underneath all around the rim to make it easier to handle...In very good condition, just a few minor scratches underneath...But they're light, see photo...!And a very slight, tiny scratch on the bottom, like a hair...!It's a very lovely piece...Note that I have the slightly larger size...!One or two centimeters longer and wider...!If needed, I'll send you the details...Otherwise, same price...!So by the same artist...I'll try tomorrow to decipher the signature on the wooden packaging box...From the 1930s...Origin: Japan...The photos are difficult to take because of the reflections, if you need
