Description

An elegant decorative vase in natural green onyx mounted in bronze with polychrome cloisonné enamel decoration, a fine piece of work in the Orientalist style. The green onyx body with its natural veining presents a noble, mineral quality. The finely crafted bronze mount is enriched with cloisonné enamels in shades of green, burgundy, white, and soft pink, creating a highly refined, stylized, Oriental-inspired design. The openwork enameled handles harmoniously frame the body, while the openwork upper gallery forming a crown reinforces the architectural elegance of the silhouette. The circular base in onyx and enameled bronze ensures balance and coherence to the whole. A refined decorative object combining green onyx, bronze, and polychrome cloisonné enamel. Dimensions: Height: 14.5 cm
