

## Pair Of Bronze Vases With Cloisonné Enamels

450 EUR

Period : 19th century

Condition : Bon état

Material : Cloisonne

### Description

An exceptional and refined pair of cylindrical bronze vases decorated with polychrome cloisonné enamels, adorned with finely chiseled applied lion masks. Each vase features a delicate floral design on a red background structured with traditional geometric motifs, framed by deep cobalt blue friezes. The precision of the gilded cloisonné, the richness of the enamels, and the subtle patina of the bronze attest to particularly meticulous craftsmanship. The symmetrically arranged lion masks, along with the sculpted openwork bases, enhance the decorative power and visual balance of the whole. Height: 14 cm
