### Description

Large copper and brass log holder/fireplace basket, French craftsmanship, second half of the 20th century. Signed by Jean Paul Thévenot - Meilleur Ouvrier de France (Best Craftsman of France). The curved and sculptural form is made of hammered copper sheet, with solid brass side handles attached to riveted decorative appliques. Its silhouette subtly evokes the shape of a travel bag, lending an original and elegant dimension to the piece. The structure features an elegantly curved, semi-cylindrical front and a wide top opening for storing logs. Dimensions: 38 x 34 x 27 cm
