Description

We are pleased to present this splendid 19th-century oil painting on canvas. This stunning panoramic landscape of Naples is unsigned on the canvas, but there is a plaque on the frame, G. Gigante. It is likely the work of the famous Italian landscape painter Giacinto Gigante (Naples, 1806-1876), without authentication. This small painting captures the beauty of the landscapes surrounding Naples with fantastic romanticism. The painted landscape suggests it is a panorama of Naples captured from the Camaldoli hill. This area was much loved by 19th-century Neapolitan painters because from this hill, one can enjoy a suggestive view of Naples and the surrounding mountains. This painting is characterized by a soft light and a very romantic atmospheric rendering of the landscape.
