

Wall Console, Italy, Mid-20th Century

1 900 EUR

Period : 20th century

Condition : Très bon état

Material : Walnut

Width : 106

Height : 80

Depth : 30.5

Description

Walnut-veneered wall console with a D-shaped top. The surface is accented with contrasting lighter wood moldings that emphasize its refined detailing. The curved legs lend a sense of lightness, while the back panel is framed by multiple profiled moldings. A characteristic example of mid-20th-century Italian design with balanced proportions and elegant material contrast.
