

Side Table, Italy, Mid-20th Century

750 EUR

Period : 20th century

Condition : Très bon état

Material : Other

Width : 65

Height : 63

Depth : 63

Description

Square side table crafted in ash with a warm tone and tapered legs. Both the top and the lower shelf feature subtly convex edges, giving the piece a soft, sculptural quality. The top is veneered in four sections, creating a striking X-shaped grain pattern. A characteristic example of mid-20th-century Italian design, combining clean geometry with refined detailing.
