Description

Beautiful Art Deco rosewood desk from the 1930s. Perfect for creating a chic workspace or enhancing a living room with a touch of authenticity that is both decorative and functional. Completely restored in our workshop, it is in very good condition, with a beautiful traditional French polish finish. It has numerous compartmentalized drawers, two of which lock, while the others have elegant, understated rose gold handles. The hardware is original and from the period. The top is made of patinated black wood. The desk can be placed against a wall or in the center of a room; the front is also very attractive. Its dimensions are 160 x 70 cm, height 78 cm (65 cm under the drawer at leg clearance). It is not collapsible. This piece of furniture can also be viewed at my shop in Morbihan, southern
