Description

Louis XVI Period Cylinder Desk - 18th Century. Elegant Louis XVI period cylinder desk, late 18th century, in mahogany and mahogany veneer, resting on four tapered and fluted legs. The cylinder reveals a richly fitted interior with drawers, compartments, and a sliding writing surface lined in black leather. The lower section opens with six drawers in the front, arranged in two rows. Beautiful, understated ornamentation of original gilt bronze mounts: keyhole escutcheons, drawer pulls, and feet. The proportions are particularly harmonious; a fine quality piece, typical of Parisian production around 1780-1790. Dimensions: Height 119 cm, Width 130 cm, Depth 63 cm. Good overall condition, mechanism intact.
