

17th Century Double Door

3 000 EUR

Period : 17th century

Condition : Très bon état

Material : Solid wood

Description

Solid oak double door, all original, only the bottom of the door panels have been recreated to match the original. All the hardware is original and was on the door, including the working key and lock. The fleur-de-lis finials of the hardware were cut off during the French Revolution. Height 2.21 m, width 1.35 m, thickness 3.5 cm without the moldings, weight 125 kg. The mailbox was added in the 19th century. Removal and shipping are the responsibility of the buyer.
