Description

DescriptionFratelli Levaggi presents this refined pair of Campanino Chiavari chairs, crafted circa 1950 and exemplifying the lightness and elegance associated with the Ligurian Chiavari tradition. Defined by their slender turned legs, gently arched backrests, and delicately shaped splats, the chairs achieve a remarkable visual balance between strength and grace. The warm patina enhances the sculptural silhouette, while the original handwoven cane seats introduce texture and artisanal character. Rooted in the 19th-century Campanino model yet reinterpreted in mid-century production, these chairs embody both historical continuity and understated modernity. Their airy proportions and fine craftsmanship make them ideal for refined dining settings or curated period interiors. ArtistFratelli
