Description

Intense Artwork for Refined Collectors Enrich your collection with this extraordinary pair of drawings exploring the male form with rare mastery. Created in the 20th century, these studies are executed in charcoal on paper, a technique that gives the works a classic charm and unique material depth. The pair depicts a study of a man: one sheet portrays the subject from the back (h. 67 x w. 55 cm), while the other shows a frontal pose (h. 55 x w. 43 cm). The skillful use of chiaroscuro highlights the anatomy with great delicacy, making these drawings perfect for a modern environment seeking a touch of timeless elegance, or for a classic study looking to enhance figurative art. An unmissable opportunity for lovers of 20th-century academic drawing. Sales Details: Shipping: We ship
