Pair Of Gilt Bronze Heads, Empire Period

3 800 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Width : 9

Height : 31

Depth : 9

Description

Probably a decorative fireplace element, crafted with great finesse. The faces display classical features, with tightly curled hair and a serious expression, characteristic of the Neoclassical style, typical of the Empire period. These busts may be inspired by ancient art, with Greek or Roman influences, which were popular in the early 19th century. 9 x 9 x 16.5 cm high; 31 cm high with base.
