A renowned designer, he collaborates with numerous companies - glassware, porcelain, lighting, furniture - while pursuing a highly personal artistic exploration of the unique object. Far from industrial perfection, Casenove embraces cracks, imperfections, and firing marks as signatures, "the art of the imperfect object" that has contributed to his international success. Since 1990, Pierre Casenove has exhibited extensively, including at Galerie Exante in Rome, Galerie Bensimon (2016), and Olivier Castaing - School Gallery (2017), and is represented by Merci in Paris. Since 2012, he has lived and worked in his studio in the Jura region. EUR650 for the pair.
