Early 20th-century Medical Kit With Instruments

500 EUR

Period : 20th century

Condition : Bon état

Material : Solid wood

Description

Early 20th-century wooden medical case containing a selection of period medical instruments. Made of solid wood, this case has an elongated and practical shape, designed for transport and professional use. It contains various medical instruments from the early 20th century, reflecting the evolution of medical practice during this period. The case displays an authentic patina and signs of wear consistent with its age, enhancing its historical character. These medical cases were essential for traveling physicians, making this piece a fascinating historical artifact and a choice decorative object for collectors of scientific instruments or medical antiques. Dimensions: Width: 50 cm, Depth: 10 cm, Height: 17 cm. Condition consistent with age and use. The instruments show signs of wear and
