Cane Anec Wolf Folk Art

1 100 EUR

Period : 19th century

Condition : Très bon état

Material : Solid wood

Height : 94

Description

Folk art walking stick. The shaft of the walking stick is straight and slender, made of smooth, natural wood. The upper part of the stick is adorned with an eye-catching carving. An anthropomorphic figure is carved, seemingly an animal, probably a wolf, depicted with a piercing gaze and an open mouth. The top of the stick features black circles.
