Description

A delightful Chinese gouache depicting a pair of golden pheasants during their courtship display. The male attempts to seduce the female with the beauty of his plumage, while she, placid and blending into the surrounding landscape with her understated color, seems to pay him little attention. The exquisitely detailed painting is presented under antique glass with an elegant coral mat edged in gold, perfectly complementing the subject matter, within an antique pitch pine frame with a black border. The artist's signature is visible towards the bottom right of the image. 19th century. Very good condition despite a few marks or stains in the upper part of the painting. 29 cm x 26.5 cm (sight size). 48.5 cm x 44.5 cm (framed).
