Important Dutch Chandelier With 16 Lights

980 EUR

Period : 19th century

Condition : Bon état

Material : Bronze

Diameter : 78

Height : 75

Description

Important Dutch chandelier with 16 lights in two tiers. The lights, shaped like birds' heads, are inserted into the shaft and secured with small pins. The wiring was carefully redone at the end of the 20th century. The light bulbs shown are for illustrative purposes only; they demonstrate the good condition of the lighting. The chandelier's height was measured without the chain, which is approximately 50 cm.
