

Photographic Laboratory Lamp - Pigeon Lamp.

175 EUR

Period : 19th century

Condition : Bon état

Material : Metal

Description

Photographic laboratory lamp. Pigeon lamp. Janius red glass safelight sleeve. Created in 1884, the brass Pigeon lamps became widespread and specialized, serving as candle lamps, wall lamps, flashlights, and lamps for photographic development with red colored glass appearing as early as 1885. These red glass safelight sleeves are quite rare; they allow for photographic development by providing a little light without altering the chemicals. Good condition. Height 30 cm. - This item is available for immediate purchase, payable via PayPal. We also accept bank transfers or French checks. - We do not accept sales by telephone; sales will only be conducted via email or inquiries through the Proantic messaging system. - We ensure careful shipping of our items, with insurance and
