Description

Embracing Couple

Brown patinated bronze

Cast in the second half of the 20th century An intimate scene depicting a nude couple seated and embracing on a stylised base.

The figures merge into one another in a compact, circular composition that concentrates the emotional intensity of the piece. The modelling is soft and fluid, with simplified volumes in a modernist spirit reminiscent of 20th-century sculptural research focused on purity of line and restrained sensuality.

The brown patina enhances the relief and highlights the smoothness of the forms.

The sculpture bears the inscription "reproduction
