Description

Red bohemian glass candy box with vine decor & 19th century hunting scene
Creation of the German or Austrian glassmaking craft of the 19th century, this red bohemian glass candy box is delightful. Engraved on the wheel and cleared with acid, its hunting scene decor accompanied by fruiting grape vines adds a beautiful contrast to the ruby red glass. This little marvel of 19th century table art comes from a time when the desire to escape, to be in nature, was felt and integrated into popular and bourgeois tables in search of colors & fun.
