Depth : 18

Description

An elegant table lamp with a geometric design inspired by the Art Deco aesthetic, produced in Italy circa 1960-1970.
The structure is composed of superimposed architectural volumes combining walnut burl veneer with pronounced bird's-eye figuring and glossy black lacquer. Fine horizontal light-wood inlays emphasize the composition and create a refined chromatic contrast.
The cubic body rests on a subtly overhanging plinth, reinforcing the architectural balance of the piece. The central stem is in gilt metal / brass.
The trapezoidal lampshade, upholstered in dark brown fabric, harmonizes beautifully with the warm tones of the walnut.
A decorative Italian work from the second half of the 20th century, reflecting the spirit of the Art
