Description

This silvered bronze sculpture depicts a pair of shepherds. The scene is sentimental and protective: the adult (probably a female dog) is lying in an alert yet relaxed posture, while a small puppy is visible at her side. The artist has rendered the animals' anatomy with great precision: one can see the taut muscles, the texture of the coat (especially on the nape of the neck and tail), and the details of the muzzles and paws. France, 19th-20th century. Signed: "H. Varnier" - Pierre H. Varnier (1826-1890)? Height 22 cm, width 46.5 cm, depth 16 cm. Very good condition, with visible oxidation and soiling.
