

An 18th-century Italian Cabinet With Secrets...

3 200 EUR

Period : 18th century

Condition : Très bon état

Description

Elegant 18th-century Italian cabinet with secrets and trompe l'oeil effects (see photos 3 and 5).

This piece is made of walnut and horn marquetry, with poplar insets. It features numerous drawers arranged around a central, temple-shaped section adorned with two small columns. The structure is sound and stable. The whole rests on four pear-shaped feet. This is a rare and unusual piece of furniture. Dimensions: Height 40 cm, Width 57 cm, Depth 28 cm
