Description

DescriptionRafael Ortiz Alfau presents a dynamic harbour view in this original watercolour, depicting clustered red-roofed buildings overlooking a calm waterfront where a small steam vessel moves across the bay. The composition emphasizes framing and perspective, highlighting the relationship between the built environment and the open coastal setting. Executed with bold ink outlines and fluid washes, the rooftops and harbour elements are simplified into expressive forms influenced by Cubist and Impressionist traditions. Alfau was often described as a virtuoso of colour, using single, confident strokes to define complex architectural structures and atmospheric coastal space.ArtistRafael Ortiz Alfau (1935-2000) was a Spanish painter known for expressive landscapes
