Description

We present this elegant Italian solid walnut desk dating back to the mid-19th century, during the Louis-Philippe period. Featuring simple lines and a lack of excessive ornamentation, the legs are crafted with refined turning. The front features three useful drawers for storing your items. The spacious top is comfortable for carrying out your work, upholstered in elegant green faux leather and embellished with a decorative gold frame. Keep in mind that the desk was designed to be placed in the center of the room, so you can choose where to place it. You can certainly consider placing this elegant desk in your office, living room, bedroom, or any room in your home where you need to complete your office work without sacrificing elegance.
