Description

A unique set of two corner pieces from a luxury billiard table. Made of solid copper, these hands open sharply when the billiard ball enters the ring to catch it. This set has been repurposed as wall art and comes with two modern chains for hanging; please note that the holes are original. The two lead counterweights have been removed, so that when hung, the hands open naturally. Highly decorative, this set is also ideal for holding a tealight candle. Condition: In good used condition. One of the hands has a very slight imperfection at the junction with the fingers. This is insignificant, but good to know. The lead counterweights have been removed from both pieces. For any questions, please do not hesitate to contact me. Dimensions: Height: 22.7 cm Width: 16 cm Depth: 9-9.5 cm Depth with hand
