### Description

19th-century perfume box, also known as a scent box. A very beautiful piece from the Napoleon III period. In good overall condition, but we note a small piece missing from the glass stopper of one of the bottles, and one broken bottle that has been repaired. The stoppers feature floral motifs and show signs of age. The bronze mount has a locking mechanism and mother-of-pearl plaques on all sides. The opening mechanism is also secure, but the key is missing. Free and insured shipping within mainland France.
