

Bronze And Crystal Lamp, Restoration Period

110 EUR

Period : 19th century

Condition : Etat d'usage

Material : Bronze

Diameter : 13 cm

Height : 43 cm avec la douille

Description

Restoration period bronze and cut crystal lamp.
The base, decorated with palmettes, and the candle holder, adorned with fruit, are bronze. The stem is cut crystal with diamond points. This is an interesting model due to its rarity and size, BUT the crystal has a chip on the back. When properly positioned, the chip is not visible, and I have taken this into account in the price. Circa 1830.
