Description

Vintage Scandinavian design wall sconces from the 1970s by Hans-Agne Jakodsson. Dimensions: height 17 cm, width 16 cm, depth 13 cm. Good condition, however, one of the rings on the sconces is slightly deformed, and there is also a tiny chip marked with a blue circle (see photos). The sconces are made of strips of pine veneer, folded into rings and fixed to a pine wood frame. These lamps give off a warm and pleasant light.
