

Pair Of Gilded Wooden Candlesticks - Mid-19th Century

3 500 EUR

Period : 19th century

Condition : Très bon état

Material : Gilded wood

Height : 150

Description

A pair of gilded wooden candlesticks from the mid-19th century. They feature a fluted central stem embellished with plant motifs such as acanthus leaves and are supported by three feline paw feet. Originally designed as candle holders in noble furnishings, they were later electrified to function as floor lamps. Dimensions: height 150 cm
