Description

The Swan chair is an iconic creation by the renowned Danish architect and designer Arne Jacobsen. He designed it in 1958 for the lobby and lounge of the SAS Royal Hotel in Copenhagen. Its soft, organic lines, free of straight lines, envelop the sitter. Despite its simplicity and elegance, the Swan chair exudes a strong architectural presence. These Swan chairs are manufactured by Fritz Hansen, a renowned Danish furniture company, celebrated for its craftsmanship and the quality of its products. The chair features a swivel base made of sculpted aluminum and upholstered in leather. We are offering a set of two Swan chairs, produced by Fritz Hansen in 2006. In white, they offer a fresh and modern style. The chairs show slight signs of use but are in good condition. A certificate of

authenticity, affixed beneath each chair, guarantees their value and authenticity. The Swan chair is a timeless and unique piece of furniture, an asset to any room. Its deep seat and high armrests offer optimal comfort and support. The chair also swivels, making it easy to change direction. More than just a functional object, it's a true work of art that reflects your personality and style.
