Superb Danish sideboard, model U15, designed by Johannes Andersen and produced by Samcom, an iconic piece of 1960s Scandinavian design.

This large teak sideboard is distinguished by its elegant and clean lines. It rests on tapered legs and features beautiful wooden handles. The piece offers ample storage space with: - two central compartments with shelves that close behind sliding doors; - two sets of side drawers. Its proportions make it an ideal piece as a buffet, living room sideboard, or dining room cabinet.

Very good overall condition with slight signs of wear consistent with age, visible in the photos.
