

## Antique Benches Chestnut Conservative Restoration Italy XX Century

950 EUR

Period : 20th century

Condition : Restauré

Material : Chestnut

Width : 318

Height : 93

Depth : 43

### Description

Pair of benches made of chestnut wood in the early decades of the 20th century, trestle structure held with wooden nails. The benches have been restored with a conservative choice, leaving the black traces of tannin that emerged in spots where liquid was probably poured and finished with natural varnishes.
