### Description

Wrought iron and brass balcony railing -  
Classical style - Fine ironwork Period: 20th century Condition: Excellent overall condition  
Material: Wrought iron and polished brass  
Dimensions: Length 240 cm Description: Elegant balcony railing showcasing exquisite fine ironwork. This piece is distinguished by its perfect balance between the robustness of the iron and the brilliance of the ornamental details. The central composition is structured around a rectangular cartouche featuring a calligraphic initial "A," richly enhanced with gilding. On either side of this medallion, the decoration unfolds in a harmonious series of hand-crafted "C" and "S" scrolls. The scrolls are held in place by decorative clamps (rings), typical of high-quality metalwork. The ensemble is

crowned by a polished brass handrail, creating a line of light that elegantly highlights the black patinated iron structure. This railing, combining prestige and safety, is a statement piece ideal for a charming residence or a high-end renovation project. Key features:

- o High-quality craftsmanship of the scrolls.
- o Elegant contrast between the satin black and the golden brass.
- o Customizable piece with its central cartouche.
