Description

Elegant Florentine oval mirror dating from the mid-19th century, made of finely carved wood and gilded with gold leaf. The richly pierced frame is decorated with scrolling foliage and vegetal motifs, with a graceful and dynamic design culminating in an ornamental crest at the top. The inner border features a delicate beaded moulding framing the oval mirror. The quality of the carving and the elegant design reflect the Florentine decorative tradition of the 19th century, strongly influenced by earlier Baroque and Rococo models. A refined decorative piece, ideal for enhancing classical interiors, entrance halls, bedrooms or living rooms. The mirror shows light signs of age consistent with its period. Period Mid 19th century Origin Florence,
