Description

Carved Exotic Wood Panel/Screen - Openwork Decoration of Dragons, Birds, and Foliage - 19th Century Asian Work. Superb decorative openwork carved wood panel, richly crafted, depicting a profusion of dragons, birds, foliage, fruit, and plant motifs, resting on two feet carved in the form of mythological creatures. Highly detailed work, entirely hand-carved in dark exotic wood of Asian origin (China/Southeast Asia), with a traditional symbolic decoration blending fantastic animals, nature, and lucky charms. The carving is in deep relief, with numerous openwork sections, giving the piece great finesse and depth. The upper pediment is adorned with a central carved medallion surrounded by scrolls and foliage. The feet represent chimeras/guardian lions/mythological creatures, typical of Asian
