Description

Mantel clock and candlesticks - marble and gilt bronze - Louis XVI style. Superb antique mantel clock set comprising three pieces: a portico clock and a pair of matching candlesticks. The set is crafted from veined white marble and gilt bronze in the Louis XVI style, with an elegant columned design. The clock features a portico structure with four columns, supporting a circular enamel dial with Arabic numerals. It is surmounted by two gilt bronze birds, adding a touch of refinement to the composition. The dial is adorned with a delicate painted floral design and has two winding holes. The mechanical movement is visible on the back, with its decorative pendulum in the shape of a radiant face. The two matching three-arm candlesticks use the same materials: a marble base, a central column, and gilt bronze.
