Description

Oil on canvas. Northern Italian School of the 17th-18th century. The scene features the figure of the Risen Christ at the centre, seated on the clouds, holding the Cross with one hand and with the other pointing downwards, where His gaze is also directed, towards the recipients of the Redemption; He is surrounded by angels and is illuminated by a beam of intense light that projects diagonally from the top left, piercing the clouds, a symbol of the presence of God the Father. Restored and relined, the painting is presented in a late 19th century gilded frame. Product in good condition, shows small signs of wear. We try to present the real condition as completely as possible with the photos. If some details are not clear from the photos, what is reported in the description is valid.
