

## Pair Of Tulip Armchairs, Eero Saarinen - Knoll

1 300 EUR

Period : 20th century

Condition : Bon état

Material : Cast iron

### Description

The multi-award-winning Saarinen Tulip chair, with its central pedestal base, designed in 1957 by Eero Saarinen and produced by Knoll International, is a design icon. The central pedestal base frees up floor space. When paired with one of the Saarinen tables, the Tulip chair creates a perfect, modern, and comfortable ensemble that remains highly sought after today. The shell is made of molded fiberglass, reinforced with polyester, and covered with a removable polyurethane foam cushion. The tulip-shaped central base is made of lightweight, cast aluminum, protected by a Rilsan coating. Width: 68cm Height: 81cm Depth: 59cm Seat height: 48cm Armrest height: 64cm
