Description

An authentic and elegant table lamp by the prestigious Maison Charles (Paris), a true icon of 20th-century French design. Inspired by neoclassicism, its timeless design integrates perfectly into vintage, chic, or Hollywood Regency interiors. It is distinguished by a heavy cubic base surmounted by a superb stem in the shape of an antique Medici vase. The piece is entirely crafted from solid bronze with exceptional chasing work: a gadrooned body and finely guillochéd collars. The charm of this piece lies in its magnificent golden patina with subtle reflections, a guarantee of genuine antiqueness unaltered by excessive polishing. A majestic piece of character, ideal for illuminating a sideboard, an entryway console, or an executive desk. Features and condition: o Authentication:
