Description

A beautiful and imposing opaline vase with floral decoration by Baccarat. Typical of the renowned crystalworks' production, this antique vase (circa 1880) is exquisitely decorated with cascading foliage. Lovely white flowers, buds, and green, sometimes autumnal, leaves contrast beautifully against a cloudy gray-black background. Its ovoid shape is typical of Baccarat, with a small foot and an open neck. An impressive piece, 31.5 cm high and 19 cm in diameter, with a number on the base, as is often the case with Baccarat vases. In perfect condition. A superb and rare antique vase.
