

## 19th Century Articulated Magnifying Glass

280 EUR

Period : 19th century

Condition : Parfait état

Material : Brass

Diameter : 9 cm socle

Height : 37 cm au maximum

### Description

A beautiful piece of craftsmanship, this articulated magnifying glass was used by artisans for precise and meticulous work, such as that used by jewelers and watchmakers. It is mounted on an adjustable stand, and the lens articulates in all directions. The mount is made of brass, and the stand is cast iron, ensuring good stability. Shipping available in France and internationally; please contact me for details.
