### Description

COD 11508 From a woodcut workshop in Italy, first half of the 20th century. Lacquered wood instrument chest of drawers with an untreated wood top. A piece of furniture for antique dealers and interior decorators, offering excellent storage and serviceability, featuring 12 drawers with original metal handles. A finished for the center chest of drawers, it can also be used as a base/column to support and display a large marble or bronze sculpture. A piece of furniture with great character, it's a fabulous addition to modern spaces and creates a pleasing contrast. Structurally sound and solid, it shows signs of age that lend it great charm. In good condition. As each of our products it will be accompanied by a certificate of authenticity and guarantee with photographic documentation. Visit our website
