Description

A lacquered tea table by Louis Majorelle. The botanical decoration is a true invitation to nature. It depicts a pondside scene including a duck, a fence, a titmouse, and a variety of other plants. The relief work is extraordinary; the background appears to have been carefully placed. Even the base is inspired by plants. This colorful lacquer features two bronze handles. The whole piece evokes a sense of wanderlust. Delivery is available but not included in the price.
