Description

Pair of important 19th-century bronze Medici vases. A very fine pair with sphinxes decorating the handles, resting on medallions surmounting lion heads. The pieces are entirely bronze with two patinas: gilt and bronze medal. The excellent quality of the chasing is particularly evident in the details of the heads decorating the central section. A rare pair, replicating the larger models from the Palace of Versailles. In short, a beautiful pair from the Napoleon III period, creating a grand 17th-century ambiance with remarkable decorative motifs. Shipping available within France and worldwide via secure, insured package with order tracking. Invoice and certificate provided. Collection is possible at Mas d'Avalrich, Montéscot 66200 (Tel: +33 6 11 14 25 33) or at my stand at the Montpellier trade fair,
