Description

A lovely landscape framed within a beautiful gilded wooden cornice depicts a charming, steep village in the Yonne region, its red brick roof built of limestone. A beautiful contrast and luminous atmosphere characterize this charming painting, rich in texture and executed in the Cubist style of the 1930s. This spontaneous and skillful painting is a lovely, accomplished, and decorative work, with a lively and expressive touch, its colors blending with light in a generous impasto... A beautiful, high-quality painting, truly representative of its era.
