

Portrait Of A Child

600 EUR

Signature : René Genis (1922-2004)

Period : 20th century

Condition : Très bon état

Material : Oil painting on paper

Length : 49

Width : 41

Description

A magnificent oil drawing on paper, depicting a portrait of a child. René Genis, a leading figure of the "Poetic Reality" movement, employs a generous and expressive touch in this piece. The work captures a thoughtful and profound expression, highlighted by a rich color palette where the contrasts between the red collar and the soft tones of the face create an atmosphere that is both tender and melancholic. The thick application of the medium showcases the artist's technical mastery.
