125 EUR

Period : 20th century

Condition : Etat d'usage

Material : Bronze

Diameter : 6

Height : 9

Description

Authentic industrial mold from the French manufacturer Bella in Perpignan (1946-1984), bearing the number 12. This bronze mold was used for rotomolding doll heads in the 1960s and 70s. The object presents a fascinating contrast between the raw exterior and the interior, revealing the delicate facial features in negative. Three molds are available (two of the same size and one slightly larger). A discounted price may be offered for multiple purchases.
