Description

An elegant marble male head, with a finely sculpted beard and wavy hair, depicts a figure with his face turned heavenward, in a pose imbued with spirituality and intense introspection. From the circle of Girolamo Ticciati (1679-1745), this work is part of the tradition of 18th-century Italian Baroque sculpture. It is distinguished by the quality of the sculpture, the fluidity of the forms, and the finesse of the execution. The particularly expressive face evokes a religious figure or a saint, typical of the artistic production of the period. **ADDITIONAL INFORMATION:** The artwork is sold with a certificate of authenticity and guarantee.
